Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS:

I've used large amounts of this
compounded prescription for 9 years —
it was the best for me after ~~and~~
~~my~~ hysterectomy at a young
age.

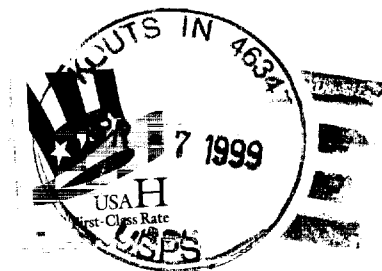

At first I got the prescription
from a local pharmacy (Pharmacia)
then I found I could get
the same prescription for $\frac{1}{3}$ the
cost from ^{my} ~~medication~~ pharmacy.
I thought we were interested
in cutting health costs.
